

Alamgeer Khan

Backend-Focused MERN Stack / Node.js Developer

Rahim Yar Khan District, Punjab, Pakistan | +92 336 6043862 | khamalamgeer996@gmail.com |
linkedin.com/in/alamgeerkhan-softwareengineer

PROFESSIONAL SUMMARY

Backend-focused Node.js Developer with hands-on experience designing scalable, secure, production-ready web applications using Node.js, Express.js, MongoDB, and MySQL. Skilled in building high-performance REST and GraphQL APIs, implementing secure authentication and role-based authorization, and integrating third-party services including payment gateways. Comfortable across the full MERN stack, with additional experience delivering React.js front-end features. Currently seeking remote backend developer roles, API development projects, and SaaS/scalable systems opportunities.

CORE SKILLS

Languages & Runtime: JavaScript, Node.js

Backend: Express.js, REST APIs, GraphQL, JWT Authentication, Role-Based Authorization

Databases: MongoDB, MySQL, PostgreSQL

Frontend: React.js, HTML5, CSS3, Responsive Design

Tools & Practices: Git, API Integration, Performance Optimization, System Design

PROFESSIONAL EXPERIENCE

MERN Stack Developer — Codesinc

September 2025 – Present (1 year) | Rahim Yar Khan, Pakistan

- Developed scalable full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Designed and built production-grade REST APIs using Node.js and Express.js.
- Created responsive, dynamic front-end interfaces using React.js.
- Built and optimized MongoDB database schemas to manage structured and high-volume data.
- Implemented JWT authentication and role-based authorization systems.
- Integrated third-party APIs and external services to extend platform functionality.
- Improved application performance by optimizing backend queries and front-end rendering.
- Collaborated with cross-functional teams to deliver complete end-to-end features.
- Tech stack: MongoDB, Express.js, React.js, Node.js, MySQL, PostgreSQL, REST APIs, JWT, Git, JavaScript.

React.js Developer — Takhleeq Soft

February 2025 – August 2025 (7 months)

- Developed responsive, user-friendly interfaces using React.js, enhancing overall user experience.
- Converted UI/UX designs into reusable React components, ensuring consistency across applications.
- Integrated front-end applications with back-end APIs to streamline data flow and functionality.
- Collaborated with senior developers to adopt best coding practices, improving code quality and team efficiency.

Node.js Developer — Autotelematics Pvt Ltd

August 2024 – December 2024 (5 months) | Karachi Division, Sindh, Pakistan

- Developed and optimized RESTful APIs using Node.js and Express.js for telematics solutions.
- Designed and maintained MongoDB databases to ensure high performance and reliability.

- Collaborated with a cross-functional team to deliver features under tight deadlines.
- Contributed to a project that improved real-time vehicle tracking accuracy by 20%.

Frontend Developer — Career Institute

June 2023 – September 2023 (4 months) | Rahim Yar Khan, Punjab, Pakistan

- Developed multiple demo websites, strengthening front-end development and web design skills.
- Built semantic HTML5 structures to ensure accessibility and improve SEO performance.
- Styled modern, responsive layouts using CSS3 for optimal user experience across devices.

EDUCATION

Bachelor of Science, Computer Science

Khawaja Fareed University of Engineering and Information Technology | September 2019 – January 2024
